Find the Plan That’s Right for You

Nothing is more inevitable in life than change. Families change. Priorities change. Careers change. Needs change. Choose the right individual health insurance plan for you and your family. Compare our plans to find the coverage you need.

If you want robust coverage within your budget, a PPO Select Choice plan can help.

The typical PPO Select Choice buyer is an individual or family who:

- Prefers fixed doctor visit copayments for consultations
- Needs coverage for occasional minor illnesses

If you’re budget-conscious, PPO Select Saver could easily meet your needs.

The typical PPO Select Saver buyer is a cost-conscious individual or family who:

- Is willing to assume a portion of health care cost in exchange for a lower monthly premium
- Visits doctors primarily for annual checkups

If you have younger children, Select Blue Advantage is the plan for you.

The typical Select Blue Advantage buyer is an individual or family who:

- Wants low office visit copayments
- Is looking for a more robust benefit plan

If you want to control how, when and where your health care dollars are spent, then consider a BlueEdge Individual HSA.

The typical BlueEdge Individual HSA buyer is an individual or family who:

- Is actively involved in their health care decisions and finances
- Seeks additional tax and retirement planning benefits
- Is willing to fund some of their own health care expenses
High-deductible health plans are even more attractive than ever — because they can be used with a Health Savings Account (HSA). An HSA is a tax-advantaged, individually owned savings account that you can access to cover a wide range of qualified medical expenses, when funded. These expenses may generally include your annual deductible and, if applicable, any out-of-pocket cost sharing for covered services.

Here are the Major Benefits of a Health Savings Account (HSA):

Control: The money in an HSA belongs to you. YOU decide how to spend it based on your particular health care needs and budget.

Flexibility: You can withdraw your money from your HSA as long as you use it for qualified medical expenses incurred after the establishment of your HSA.

Ownership: You never forfeit your HSA balance. Any unused balance in your account rolls over from one year to the next, providing you protection from potential medical expenses.

Tax Savings: An HSA allows you to put away money that may be fully tax deductible to cover future qualified medical expenses. This means that you can set aside tax-free dollars, subject to certain limits, in an HSA to pay for your qualified medical expenses. Interest that accumulates within your HSA is generally tax free. You typically will pay no taxes or penalties when you use funds from your HSA to pay for qualified medical expenses.

</tr>
</tbody>
</table>

- Choose the deductible and level of coverage that best fit your needs.
- Apply online or complete and mail in your application for the health plan.
- Research banks offering HSAs to use in conjunction with your health plan, if you are otherwise an eligible individual.

- You may choose any HSA available to work in conjunction with your BlueEdge HSA health plan. Consider the associated fees, investment choices and debit card/checkbook options to determine which HSA is right for you.
- Fund your HSA as soon as possible in order to maximize your tax advantages for the year.

- Most financial institutions will give you a checkbook and/or debit card so you can pay claims directly out of your HSA. These are convenient ways to pay for prescription drugs. For doctor or hospital visits, we recommend that you ask to be billed later in case adjustments are made to your expenses.
- While you are not required to open an HSA to be used with your health plan, most customers agree that they get the most out of their plan by taking advantage of the tax benefits, control and flexibility of an HSA.

Our Contracting Provider Network Assures You Freedom of Choice

Blue Cross and Blue Shield of Texas (BCBSTX) health insurance plans provide access to our BlueChoice network, which includes a large percentage of participating Texas doctors and hospitals. In fact, with our extensive BlueChoice network, it’s likely that your current health care providers participate.

Blue Cross and Blue Shield of Texas Offers You and Eligible Family Members Choices

BCBSTX offers you and your eligible family members choices when it comes to your care. Members and eligible dependents have the freedom to visit any physician they choose, with benefits paid at the highest level when the doctor is in the participating provider network. Members do not need to select a primary care physician to coordinate care, and no referrals are needed to see a specialist.

Out-of-network

If you prefer, you may choose any provider or hospital for your care. If you choose one that isn’t participating in the BlueChoice network, you will:

- Receive a lower level of benefits
- Pay a greater share of the costs
- File your own claims
- Be billed for charges above the BCBSTX Allowable Amount, which may be significant

If you decide to go out-of-network, or are not in a service area for medical care, you have two choices:

- Use a ParPlan contracted provider
- Use any licensed provider

ParPlan contracted providers have agreed to accept the BCBSTX determined Allowable Amount and/or negotiated rates for covered services. Costs are more predictable, since you will not be billed for costs that exceed the Allowable Amount. ParPlan providers may file your claims, and you will receive out-of-network benefits.

To access the BlueChoice or ParPlan networks, go online to bcbstx.com and select “Provider Finder®.” A drop-down menu will then give you the option to choose either BlueChoice PPO Plans or ParPlans.

Travel with Confidence — You’re Covered Away from Home

As a member of BCBSTX, you’ll have access to the BlueCard® PPO network. Contracting providers outside Texas linked through the BlueCard program allow you to receive benefits for covered services when you travel. Simply present your BCBSTX ID card to a participating provider wherever you are. To find a participating provider while you’re away, just call the toll-free number on the back of your ID card to allow one of our representatives to assist you or call (800) 810-BLUE (2583). It’s that easy.

RSA Medical Telephone Interview

Blue Cross and Blue Shield of Texas (BCBSTX) has contracted with RSA Medical to retrieve medical records and conduct telephone interviews with its individual health insurance applicants. A nurse from RSA Medical may call you following the submission of your application for coverage to gather additional medical information to help BCBSTX evaluate your request for insurance coverage.
